

D&R CUSTOM STEEL HEALTH & SAFETY POLICY

The management of D&R Custom Steel Fabrication is committed to a Health & Safety Program that will achieve the objectives of the Health & Safety Policy outlined below. D&R are committed to providing a safe and healthy workplace for all employees.

HEALTH & SAFETY POLICY:

D&R's current policy is:

- Comply with all laws and regulations related to safety, occupational health, and environmental quality in it's manufacturing activities to prevent occupational illness and injury in the workplace;
- Continually review its practices, processes and facilities for the purpose of making improvements beyond the legal requirements that result in practical benefits.
- Supervisors are responsible to ensure safe and healthy work conditions are maintained in his assigned work area.
- Workers are responsible to work safely following legislated and employer Safe Work Procedures/Practices.
